Moreover, it is designed to undertake original research that enriches teaching and benefits business, government and civil society

OUR CORE VALUES

MERIT

Admission to IBA is solely based on **merit**. This principle has served IBA well in the past and will continue to guide it in the future.

CREATIVITY

Creativity breeds **innovation** which is critical for an institution to expand its frontiers. IBA students are encouraged to generate new ideas to attain their goals.

DISCIPLINE

Discipline requires **self-regulation and adherence to an established code of conduct**. Discipline is essential for an IBA student and facilitates the smooth functioning of the Institute.

INTEGRITY

Integrity suggests the **quality of being honest and having strong moral principles**. Integrity is crucial to the reputation of individual students as well as that of the Institute.

TOLERANCE

HUMILITY

Humility is the opposite of pridefulness. It involves recognizing that one's achievements are due to many factors and should not be the occasion for arrogant behavior.

TEAM WORK

Student Development Program

Students Development Program (SDP) is a comprehensive skill enhancing process for management and leadership development. It is an important component of IBA’s approach to a personalized education. The objective is to help students understand how to make choices about their attitudes and actions. It enables them to firstly, acquire skills for improving confidence, team building, and communication and secondly, achieve goals that will result in growth, change, and increased effectiveness. Both Management Development and Leadership Development require the basic skill sets taught in the Student Development Program.

Student Development Program (SDP) Model

Year 1:

Faculty / Academic Advising

The purpose of Faculty Advising is to help students at IBA to seek advice regarding their academic, administrative, social, disciplinary or any other problems faced by them during their stay at IBA. Faculty advisors are an integral part of a student's on-campus experience. Advising aids in developing a student's life goals, career goals, selection of majors, options within degree requirements, balancing course load with outside responsibilities (working hours, family), and so on.

The Advisor builds the connection between the student and the institution. As an Advisor interacts with students in a one-on-one relationship, students gain an understanding of their own potential and clarify their educational goals. Students are provided educational strategies so that they use resources to their advantage as they seek to accomplish their educational and career goals.

Career Counselling & Guidance

IBA's Career Development Centre (CDC) is an information brokerage vehicle for graduating students for career guidance. CDC provides individualized Career Counseling to all students of IBA. The counselling helps students in exploring their interests, skills, values and abilities. CDC guides them on the prospects of relevant careers, and explores educational requirements and funding options as well. Overall, our counselling services facilitate students to make an informed career decision and draft a road map for their future success. To schedule an appointment for career counselling, contact the CDC office or email at cdc@iba.edu.pk.

CDC arranges mock interviews, resume writing exercises and mentoring by the Alumni for the students. Moreover, CDC collects and disseminates data and information for studying abroad and market opportunities.

Personal Counselling

A Personal Counsellor is responsible for personal, behavioral and psychological counselling for students. Personal Counselors carry out their duties in strict confidentiality and have no reporting relationship with anyone on these matters. Such cases are referred in strict confidentiality and no further communication with any of the member (faculty, staffs or student) is made on this subject.

When should you see a personal counselor?

- When you feel safe to discuss an issue with an academic/career counselor directly.

<https://iriba.org/student-handbooks/> and, angry or otherwise “not yourself”

- When you are thinking of abusing drugs, substance, alcohol etc. to help you feel better.
- When you’ve lost someone or something important to you or something traumatic has happened, and the state is affecting your overall performance.
- When you can’t do the things you like to do or do not enjoy the activities / works you used to enjoy.

NOTE:

Academic Advisory, Career Counselling & Guidance and Personal Counselling are all ongoing services available for students which they can avail anytime during their stay at IBA right from their first semester.

Year 2:

Responsible Citizen Initiative (RCI) / Social Internship

The ‘Responsible Citizen initiative (RCI)’ provides an opportunity to each IBA student to gain practical hands-on experience in community service. This exposure builds a sense of deep responsibility & commitment, and serves the purpose of creating awareness amongst the students about the needs of the various segments of our society. It is hoped that they would translate this knowledge into further good deeds and actions.

As a condition for successful graduation, each undergraduate student enrolled in BBA/BS programs has to complete 6 to 8 weeks’ internship at an organization OR a project designated / approved by IBA as suitable for community / social service. During RCI, students are required to work on various social welfare projects with recognized and registered NGOs / organizations / projects having a demonstrated track record. Student can contact CDC to have an updated list of recommended institutions / organizations for carrying out their Social Internships.

Students approaching organizations on their own are required to seek CDC’s approval before undertaking their internships. They should provide CDC with the following information for the endorsement purpose:

- a. Name of the targeted / selected organization for RCI;
- b. Project/Assignment description;
- c. Supervisor(s) Name;
- d. Project initiation date.

Organizations generally inquire about students’ authenticity for which students can request CDC to issue a formal Recommendation Letter which they can present to their respective institutions. Once the internship period ends, students must submit the following documents to the CDC within two weeks:

- <https://ir.iba.edu.pk/student-handbook> OR Certificate from the organization's HR confirming the completion of internship;
- b. Filled and sealed Evaluation Form (on a prescribed format, available with CDC);
 - c. Internship Report* (Preferably Soft Copy at cdc@iba.edu.pk mentioning 'RCI-YYYY Report-your ERP' i.e. 'RCI-2017 Report-06027' in the subject line)

CDC provides 'Acknowledgement Receipt' once a student submits all the required documents. Letter of gratitude and acknowledgement are also sent to the organizations from CDC; in particular, to the ones which consume larger pool of IBA students.

Year 3:

Personal Grooming & Skills Development Program

Organizations look for a graduate from a well-reputed university, who not only has specialized knowledge but is also proficient in terms of personal and professional skills. To equip students with essential skills, IBA has developed a comprehensive skill development program which not only identifies students' present level of proficiency on the pre-identified skills but also provides them with a toolkit to fine-tune them.

Program objectives:

The overall philosophy of this program is the development of Personal Leadership Competencies within students, allowing them to:

1. Discover their personal aptitude and to make them realize how to leverage it;
2. Cultivate a positive attitude and constructive approach for improved relationships and performance in personal & organizational contexts;
3. Undergo a learning journey wherein they develop their competencies and understand personal and professional life challenges that are yet to come in their lives.

Various training methodologies such as case studies, experiential exercises, practice sessions, AV feedback, presentations, projects and reflections, etc. are incorporated in this course which keeps it more vibrant and interactive throughout.

YEAR 4:

Corporate Internships

Corporate Internships are extremely valuable as they allow students to gain hands-on experience, develop their resumes, build valuable industry contacts

<https://ir.iba.edu.pk/Student-Handbooks/Work>. In some cases, interns may actually receive an offer of employment from the company.

Corporate Internship is a mandatory requirement for students of MBA, BBA, BSCS, and BSAF programs at IBA. Career Development Centre (CDC) facilitates senior students and corporate organizations for the placements of students on internships in final year of their stay at IBA. CDC also encourages students to arrange their internships on their own after collecting necessary information regarding the company and the nature of work, etc.

NOTE:

Students are required to carry out their Corporate Internships right after their third year of studies (fifth/sixth semester) preferably in summer and should complete this mandatory graduation requirement by the end of their final year of studies/eighth semester.

Personal Effectiveness

Personal Effectiveness (PE) course is offered to last year students of BBA and MBA programs to impart professional skills in IBA students before they enter into the job market. The course primarily focuses on learning and adapting advance level of soft skills. This Program is intended to prepare students for the corporate and entrepreneurial market and develop in them, skills that will make them effective in their personal as well as professional roles

Personal Effectiveness courses are offered to senior students (enrolled in seventh semester) as a non-credit course with no fee. It is a mandatory graduation requirement for all **BBA** students, similar to the Responsible Citizen Initiative and the Corporate Internship. Hence it is a pre-requisite for getting the degree, which is now a terminal degree. It is not pre-requisite for any of the other undergraduate programs offered, for none of the degrees are terminal degrees as yet.

This program is structured over different themes focusing on career related and employability enhancing skills. Following themes are covered in Personal Effectiveness courses:

<https://lib.iba.edu.pk/student-handbooks/> understanding of application and solutions. They learn how to handle the job application process, organize career choices and career progression as well as focus on the development of entrepreneurial expertise.

Companies like ENGRO, P&G, Coca Cola, and Unilever have developed specific training programs and modules to conduct sessions with the IBA students. In addition, professional trainers conduct modules on Personality Assessment, Emotional Intelligence, Conflict Management, Negotiation Skills and Leadership Traits.

Experiential learning Program (ELP)

An integral part of the BBA program offered at IBA, a group of 4-5 final semester students undertake a management consulting assignment in real life business environment related to managerial and organizational problems that need solutions. These Projects not only enable students to develop interviewing and report writing skills, but also provide an opportunity for them to enhance their managerial and leadership skills.

The projects are conducted under the close supervision of senior faculty members/Advisors along with organization's coordinator.

Brief description of the activities involved is as under:

- The students group (4-5 students) will prepare a project proposal (terms of reference) based on discussions with the company. A work plan is also prepared listing the main activities to be undertaken and a time table for completion of these activities.
- Students present the proposal and work plan before a faculty Advisors. During the projects an interim progress report (Mid Review) is submitted to the ELP Faculty Advisor and to the organization's coordinator.
- On completion of the project a draft written report is submitted and an oral presentation made to the client and the Faculty Advisors. The presentation is held at the IBA Karachi
- Based on client and faculty feedback a final written report is submitted to all for final grading.
- A Faculty Advisor guides and monitors the project through the year. This includes reviewing the terms of reference and work plan, the progress report, and the final presentation and report.
- Final assessment is conducted by both parties; IBA Faculty advisors and Organization's coordinators. The substantial feedback will be considered towards final grading of students.

Note:

During the course of your studies at IBA, you will have to arrange various events as part of extra-curricular activities. Even though these will be supervised by the faculty, the bulk of the responsibilities will still rest with the students. This will be good practice in management, which will benefit you in the future as well.

It is always handy to have a checklist ready in which you can make notes of important details and remember them. Here is a checklist which will help you do just that and aid you in organizing your events efficiently and so achieve a well-managed event that does you credit.

If you plan to become a member of any of the student societies mentioned before, this checklist will be even more helpful to you.

Use this checklist first to identify who and what is going to be involved in your event so you can plan effectively. Consider the circumstances of the event at hand and the conditions around you.

STUDENTS PLEDGE

The tenets of the IBA value system are implemented through promoting a ‘culture of greater integrity’. The Honor Code appended below is a statement of pledges based on rules, values or principles governing the conduct of individuals. The Honor Code of the IBA comprises of the following pledges that all members of the IBA community have to make:

- I affirm to uphold this pledge and conduct myself in accordance with the highest principles of honesty, integrity and responsibility in all my endeavors at IBA and foster an atmosphere of mutual respect within and beyond the classroom.
- I will uphold all standards of honorable conduct and report any infraction of this pledge.
- I will not lie, steal or cheat, nor tolerate among us anyone who commits any such acts.
- I will neither give nor receive aid on any assignment / exam.
- I will not take unfair advantage of any relationship and act with integrity in the use, evaluation and presentation of facts, data and documents.
- I will honor, value, protect, preserve the physical identity of the property of IBA and ensure that it is not misused, defaced or vandalized.
- I truly subscribe to the principle that every student must be a gentleman / lady first.
- I understand that my obligation to the honor system will be two-fold namely:

Individually,

I will not violate the code and as a community, I am responsible to ensure that suspected violations are reported.

- I understand that an honor offence is defined as an act of lying, cheating, stealing or disregard of laid down instructions, performed intentionally, of sufficient gravity such that open toleration of the act would impair the community of trust sufficiently enough to warrant punitive action against me.

I have read and understood the contents of the above code and do hereby undertake to abide by the pledges I do hereby make.
