INTRODUCTION
Economy of Pakistan is the 25th largest country that generates about 25% of the national GDP.

FISHING
- Lack of basic knowledge as old methods of fishing are still being followed by fishermen.
- Severely affected by a variety of pollutants.
- Over-fishing of shrimps throughout the year.

POTENTIALS AND THREATS
Development in the fishing sector can only be possible if the local government provides more support to the fishermen and the fishing industry. It can be achieved by providing financial assistance, better working conditions, and upgrading the existing technology.
