A WORD ABOUT THE IBA

Our logo reflects “our resolve to meet the future challenges with integrated and multi-disciplinary knowledge and its creative application in a changing global environment.”

INTRODUCTION

The IBA is the oldest business school outside North America. It was established in 1955 as a USAID financed project. Initially, the Wharton School of Finance, University of Pennsylvania, provided the technical support; later the University of Southern California got the contract to set up various facilities at the institute and several prominent American professors were assigned to IBA. A large number of Pakistani faculty members received advanced degrees from Wharton and University of California. In 1994, the Sindh Assembly elevated the Institute’s status to that of a degree awarding institution.

Despite of a rapid increase in the number of business schools, the IBA has maintained its position as the premiere institution of higher learning in the field of management and business administration. The IBA sets the standards of educational and professional excellence. It seeks to advance and encourage new ideas and promote enduring values to guide the practice of management. Over the years, the IBA has built a reputation for producing graduates of unmatched professionalism and sound ethical and moral values. The IBA has an academic environment in which talented and outstanding young men and women are inspired to reach out to the furthest limits of their vision and capacities.

The IBA is proud of its 7,500+ accomplished alumni who are engaged in highly specialized and professional undertaking all over the world. Many of them hold demanding positions of administrative responsibilities in various fields of governance in Pakistan and abroad. We proudly celebrate their association with the IBA.
CORE VALUES

We uphold:
• Merit
• Creativity
• Humility
• Truth
• Discipline
• Integrity
• Tolerance

as the creative dimensions of the “highest good” – sumnum bonum – of an ethically motivated academic life based on moral foundations.

MISSION

After completing its 50 glorious years of excellence, the IBA is geared up to achieve more milestones in the field of education, hence providing its commitment to continuous improvement.

At the IBA, our mission is to provide education and training for management leadership in business and public sector in Pakistan. We aspire to be the best business school in Asia and amongst the best in the world.

It is our cherished mission to establish links with renowned business schools in the world and with business and public sector organizations in Pakistan in order to introduce the current and contemporary business education, culture and work ethics for making Pakistan amongst the most competitive countries in the world.

PHILOSOPHY

The recurrent theme of the 53 years of IBA’s existence is that business education should be relevant and looking to the future.

Our philosophy is rooted in the creative urge to strive continuously to improve upon all components of our system; culture, people and infrastructure; and to turn bright students with leadership potential into outstanding human beings and business professionals and leaders for tomorrow.

MEETING THE CHALLENGES

The IBA provides an enabling environment, conducive to scholarship and research. The faculty, staff, students and members of the industry work together to achieve learning goals. Students acquire knowledge and skills through constructive and distinctive processes that encourage them to develop understanding of business concepts and issues, think independently and to make rational choices. They are encouraged to take responsibility for their own learning, to become active participants and leaders and to apply their knowledge in real-world context.
A fine blend of our academic environment, research culture and the highly qualified and devoted faculty at the IBA, moulds bright and intelligent students with leadership potential into high performing entrepreneurs and professional managers.

THE GOALS AHEAD

The IBA is set on a path of constant improvement, introducing changes in all critical fields of its undertaking. Its partnership with MICROSOFT has given a new dimension to the Center for Computer Studies, enabling students and faculty to remain abreast with the most advance technologies in software as well as hardware. It has entered into agreements with CBR to impart not only the quality education to its probationers but also to its senior members in the field of management in order to realize the government’s policy to change the culture and the managerial practices of this sensitive department and to bring them to the accomplished level of modern-day needs and expectations.

PROGRAMS OF STUDY AT THE IBA

The IBA programs are designed to provide world-class professional training to managers and entrepreneurs for the business and industry in Pakistan. Students take part in a broad variety of activities ranging from volunteering for charity work and participating in athletic events to organizing conferences on a variety of business issues. A spirit of involvement is important because teamwork, leadership and being a responsible citizen are the foundations of the IBA experience.

Our programs have been growing steadily in keeping with the needs of the society and the competence of the Institute of Business Administration. We offer courses in the fields of:

- Doctor of Philosophy – Ph.D. (MIS/ Information & Communication Technologies (ICT)/ Computer Science & Engineering (CSE)
- Master of Business Administration – MBA (Morning Program)
- Master of Business Administration – Management Information System MBA- MIS (Morning Program)

• Bachelor of Business Administration – BBA (Morning Program)
• Bachelor of Business Administration – Management Information Systems BBA- MIS (Morning Program)
• Bachelor of Computer Studies – BCS (Morning Program)
• Preparatory Program for Rural Students (Talent Hunt)
• Business English Program

CAREER OPPORTUNITIES

In view of the increasing professionalism in management and growing competition in Pakistan, job opportunities for qualified and trained business administration graduate will continue to grow. Multinational firms and professionally managed Pakistani companies hire IBA graduates with confidence because of the high level of professionalism instilled in them during their course of study.

The Institute offers a flexible curriculum, a highly motivated student body and committed faculty that are willing to embrace and encourage new ideas and thought patterns. This provides the students with tools, values and confidence to be leaders in the corporate world of today and tomorrow.

The interaction of researchers, business and industry is necessary for new ideas to develop and be implemented. The Research Wing undertakes projects and assignments specific to a particular industry or an organization. A broad classification of these research projects pertains to areas related to Strategy, Growth, Economics, Organizational /HR Development, Marketing and Production Management.

CENTER FOR EXECUTIVE EDUCATION

The Center for Executive Education is a state-of-the-art learning and training resource center. It focuses on developing managers and providing opportunities for refining the skills needed to succeed in today’s business environment.

The Center aims at helping organizations gain competitive advantage by developing their most important resource - their people. It is a nucleus for activities designed to enhance organizational effectiveness through training and developing working professionals in various disciplines and equipping them with the tools and knowledge to improve their managerial skills. The programs offered are designed to strengthen the participants’ leadership skills with a focus on personal development, productivity improvement and strategic thinking. The Center specializes in executive education and
management development activities through “open-enrolment courses, client-specific programs, consultancy and applied research.

FEDERAL BOARD OF REVENUE (FBR) – CAPACITY BUILDING PROGRAM

The IBA is providing training to the Tax and Customs officers of FBR in Karachi, Lahore and Islamabad. Up till now, 325 officers of grade 17 – 21 have been trained at the Center for Executive Education, Institute of Business Administration, Karachi. While under the FBR Capacity Building Program (Lahore) 2007, conducted at the Directorate of Training (Income Tax), Lahore from July 02-December 08, 2007, nearly 275 officers were trained

All the courses are designed by the faculty at IBA in consultation with FBR, which include Computer Skills, Communication and Presentation Skills, Management Skills, Leadership and Teambuilding Skills.

MBA TAX MANAGEMENT PROGRAM FOR FBR

This program is started in January 2005 at the Institute of Business Administration. Currently fourth batch of 35 students is enrolled under this program. Around 149 FBR students have been trained under the said program up till now. The MBA Tax Management Courses include Business & Banking Laws, Financial Accounting, Human Resource Management, International Trade, Public Economics, Statistics & Math for Business, Analysis of Financial Statements, Auditing, Business Policy, Change Management & Business Process Reengineering, Financial Management, International Accounting Standard Financial Reporting in Pakistan, Management Accounting & Control System.

CENTER FOR ENTREPRENEURIAL EXCELLENCE IN PAKISTAN

United States of America has chosen the IBA for establishing a Center for Entrepreneurial Excellence in Pakistan under its broader Middle East and North African initiative. There will be a distinguished advisory panel titled as ‘Blue Ribbon Panel’, consisting of the Directors of Entrepreneurship Institutes at MIT, Babson, Harvard and Stanford. This panel will not only advise but also assist and support the new Pakistani Center. Dr. Peter Bearse, who is an international consulting economist and an expert in developing entrepreneurial center, is supervising the project. This Centre is important for boosting economic activity, employment and trade within the country and across the international markets. The centre will conduct research to identify training needs, to document how entrepreneurship is developed and run in the country, what are the opportunities and obstacles, rules and regulations for business and give proposal for policy and procedural improvements.
RESEARCH CENTER

The IBA has established a Research Center at the City Campus. The purpose of the initiative is to play a key role in the development of industrial and financial sectors of Pakistan by providing useful research and evaluation guidance. The activities of the IBA’s Research Center consist of both core and collaborative research to provide help to the federal and provincial governments, non-governmental organizations and the private sector.

The Center is a repository of the core research done by the IBA faculty, scholars and students. The research papers written are documented, archived and made available to other researchers and industry. The IBA faculty and students can access these research papers via the IBA internet.

HIGH PROFILE FACULTY

The IBA faculty comprises of teachers with high academic achievements as well as successful, practical business management experience. Most have advanced degrees in their field of specialization from foreign institutes of repute. The faculty members are well regarded for their insight and command over current issues facing business and industry. The faculty ensures that the system of education at the IBA is a unique blend of the best in classroom instruction, case studies, role-playing, business games, research and practical training in business organizations.

HIGH ACHIEVING STUDENTS

Our students win distinctions and praises from foreign and local dignitaries for their confident, reasoned discourse, organized team work and knowledge. The IBA student groups arrange dozens of seminars and conferences every year. As individual contestants our students have been successful in national and international competitions. Two of our students; Muniva Mahmood and Asim Ali Raza were chosen to go to Geneva in an international seminar. They joined 30 other business students from around the world. The IBA was the only school in the world which had the distinction of having two students accepted for the seminar. Last year Asnia Asim topped contestants from 109 countries to win the World Bank Essay Contest. The IBA team won Pakistan round of Microsoft India’s Imagine Cup 2006.

The IBA students are continuously giving evidence of being world class. During the past years, four students of IBA participated in the “Battle of Minds” organized by Pakistan Tobacco Company (PTC) wherein highly talented students of top Pakistani Universities competed against one another. The IBA students obtained the second
position for presenting a live research project in the Grand Slam. They were awarded
trophies along with a cheque of Rs 200,000/-. In another competition namely
“Novartis Biocamp”, a team of two IBA students, competing with those of leading
institutions of Pakistan, was sent to Tokyo, Japan in October.

The sure foundations of the state are laid in knowledge, not in ignorance; and every sneer at education, at culture, at book learning, which is the recorded wisdom of the experience of mankind, is the demagogue’s sneer at intelligent liberty, inviting national degeneracy and ruin. – G. W. Curtis.
Both the Character Ethic and the Personality Ethic are examples of social paradigms. The word *paradigm* comes from the Greek. It was originally a scientific term, and is more commonly used today to mean a model, theory, perception, assumption, or frame of reference. In the more general sense, it’s the way we “see” the world – not in terms of our visual sense of sight, but in terms of perceiving, understanding, interpreting. –*Stephen R. Covey*
About Our Authors

Ishrat Husain took over as the Dean and Director of the Institute of Business Administration (IBA), Karachi on March 12, 2008. Immediately before that he had been holding the office of Chairman, National Commission for Government Reforms (NCGR) in the Prime Minister Secretariat at Islamabad, with the status of the Federal Minister. In that capacity he completed a comprehensive report on the re-organization of the Government’s structure, processes and human resource management policies.

Dr. Ishrat Husain became the Governor of Pakistan’s Central Bank in December, 1999. During the next six years, he implemented a major program of restructuring of the Central Bank and steered the reforms of the banking sector, which are now recognized by the World Bank and IMF to be among the best in developing countries. In recognition of his meritorious services he was conferred the prestigious award of “Hilal-e-Imtiaz” by the President of Pakistan in 2003. The Banker Magazine of London declared him as the Central Bank Governor of the year for Asia in 2005. He received the Asian Banker Lifetime achievement award in 2006.

For over two decades, between 1979-1999, he served in various capacities at the World Bank in Washington DC. Among the positions he occupied at the Bank were Country Director for Central Asian Republics; Director, Poverty and Social Policy Department; Chief Economist, East Asia and Pacific Region; Chief Economist, Africa Region. Division Chief, Debt and International Finance and Resident Representative, Nigeria.

Dr. Ishrat Husain was selected to the elite Civil Service of Pakistan in 1964 and served in the field and also held mid-level policy making positions in Bangladesh (then East Pakistan) and in the Finance, Planning and Developing Departments in the Government of Sindh until 1979.
He has maintained an active scholarly interest in development and globalization issues. He is the author of a dozen books, contributor of 15 chapters in edited books and more than 25 referred journal articles. Two of his books “Pakistan: The Economy of an elitist state” and “Economic Management in Pakistan: 1999-2002” published by the Oxford University Press are widely read in and outside Pakistan. He is regularly invited as a speaker, resource person, discussant, panelist or chairperson at International Conferences/ Seminars/ Workshops in different parts of the World held under the auspices of the World Bank, IMF, UN agencies, research institutions, think tanks. He has so far attended 100 such events.

Dr. Husain is Higher Education Commission’s (HEC) Distinguished National Professor of Economics and Public Policy and is also the Chairman, HEC Social Sciences Council. He is currently serving on the Board of Trustees of the Aga Khan University, the Senate of Pakistan Institute of Development Economics, Board of Governors, National School of Public Policy and Mahbub-ul-Haq Centre for Human Development. He was a member of the Steering Committee on Higher Education appointed by the President of Pakistan in 2003.

Dr. Husain received his M.A. in Development Economics from Williams College and was at the top of his class and Ph. D in Economics from Boston University receiving International Student Award for outstanding academic achievement. He is a graduate of the Executive Development Program jointly sponsored by Harvard, Stanford Universities and INSEAD.

Low Sui Pheng is a professor of construction technology and project management at the Department of Building, National University of Singapore. He received his PhD from University College London and is a Fellow of the Chartered Institute of Building. His research interests include international construction, productivity and quality.

Liu Jun Ying is Associate Professor in the Department of Construction Management at Tianjin University in China. She obtained her PhD from the University of Reading and is a Member of the Chartered Institute of Building.

Amos Cheong was formerly a Research Student in the Department of Building at the National University of Singapore. He obtained his BSc (Building) (Hons) degree from the National University of Singapore. He is presently working as a quantity surveyor with Rider Hunt Levett & Bailey.

Muhammad Shakil Khan is Head of the Department of Management at Integral University, Lucknow, India. Dr. Shakil is also the Executive Editor of Integral Review, a Journal of Management published from the University. He is an MBA and
Ahmed Audu Maiyaki graduated from Bayero University, Kano, Nigeria with a B.Sc Business Administration. He got a postgraduate degree from University of Ilorin, Nigeria. Presently he is teaching in the department of Business Administration, Bayero University, Kano, Nigeria. He is an associate member of the Nigerian Institute of Management. His research interest is in Services Marketing.
